

TECHNICIAN'S CHECKLIST
SECTION 330
WELDED STEEL PIPE

PROJECT: _____

TECHNICIAN: _____

REVIEW DATE: _____

REVIEWER: _____

ACTION	YES	NO	N/A	COMMENTS
Have the subsurface conditions been investigated?				
Is the proposed equipment adequate for the work?				
Has the pre-installation meeting been held?				
Is the welder certified with NCDOT?				
Is the boring pit shored or sloped in accordance with OSHA requirements?				
Is the Contractor aware of the need to request DOT approval prior to boring "not in soil"?
